# CONNECTICUT GARDENS: LITCHFIELD HILLS & POINTS EAST

June 26–30, 2017

Our 2017 tour, an exclusive benefit for AHS President's Council members, takes us to the Litchfield Hills region of northwest Connecticut. Participants will enjoy tours of many exceptional private gardens and fascinating specialty nurseries in and around the region, well known for its rolling hills, bucolic scenery, and New England charm. For this year's tour, the AHS is partnering with The Garden Conservancy, and the itinerary will include a visit to one of its preservation projects, the historic Hollister House Garden in Washington, Connecticut. Our tour will also include visits to a number of notable private gardens that are otherwise only accessible through the Conservancy's annual Open Days program. Our home base for the tour will be the Interlaken Inn, a country inn and resort in Lakeville.
