

## **AHS Garden Network**

The AHS Garden Network is a network of over 380 gardens throughout the United States and North America, organized and administered by the American Horticultural Society. Since 1990, the network has granted hundreds of thousands of AHS and network garden members greater access to cultivated green spaces. Participating gardens agree to offer free admission and other discounts to members of AHS and fellow network gardens' members.

Gardens are accepted into the network on a rolling basis and this garden list is frequently updated. New gardens joining in the current calendar year are listed at the top. For further details on each garden's benefits and stipulations, please visit our website's garden map.
